COO

Manohar Punjabi
Executive Director

Revision History

Revision	Date	Author	Change Reference	Reason for Change
1.0	01/10/2020	Policy Working Group	Policy Purpose	

Purpose:

This policy outlines the guidelines and best practices for the secure use of mobile devices within Jacky's. It applies to all employees and third parties who have access to mobile devices owned or operated by the organization. The mobile device policy applies, but is not limited to, all devices and accompanying media that fit the following classifications:

- Smartphones.
- Other mobile/cellular phones.
- Tablets.
- E-readers.
- Portable media devices.
- Wearable computing devices.
- Any other mobile device capable of storing corporate data and connecting to a network.

Device Ownership and Approval

Only authorized devices provided by the organization or approved through the BYOD (Bring Your Own Device) program are allowed to access organizational resources.

Device Security

All mobile devices must be protected by a password, PIN, fingerprint, or other secure authentication method.

Software Updates

Ensure that all mobile devices are running the latest operating system and application updates to address security vulnerabilities promptly.

Application Security

Only approved and secure applications should be installed on mobile devices.

Jailbreaking or rooting of devices is strictly prohibited.

Data Backup

Users are responsible for regularly backing up data on their mobile devices to prevent data loss in case of device failure.

Reporting Lost or Stolen Devices

Users must report lost or stolen devices immediately to the IT department to initiate appropriate security measures.

Wi-Fi and Network Usage

Employees should connect to secure and authorized Wi-Fi networks.

Public Wi-Fi networks should be avoided for transmitting sensitive information.

Acceptable Use

Mobile devices should be used for work-related purposes, and personal use should be kept to a minimum during work hours.

Corporate SIM

- SIM cards will be issued to staff members based on their job roles and communication requirements.
- Staff members are responsible for the safekeeping of their assigned SIM cards.
- Staff members must report any issues with their SIM cards, such as loss, damage, or technical problems, to the IT department promptly.
- SIM cards provided by Jacky's are for official business use only.
- Personal use of corporate SIM cards is strictly prohibited.
- Staff members are responsible for ensuring that their mobile devices are compatible with the issued SIM cards.
- International roaming for official purposes must be approved by the relevant department head.
- Staff members must adhere to any cost control measures in place for international roaming.
- Upon termination of employment, staff members must return their assigned SIM card to the IT department.

WhatsApp Etiquette

- Employees are required to use their official mobile number when setting up their WhatsApp account for work-related communication.
- Personal use of WhatsApp during working hours should be limited to essential and urgent matters.
- Maintain a professional and respectful tone in all WhatsApp communications.

- Avoid engaging in discussions or sharing content that could be considered offensive, discriminatory, or inappropriate.
- Do not share sensitive or confidential information via WhatsApp.
- Group chats should be used judiciously and only for work-related purposes. Ensure that the participants in a group chat are relevant to the topic of discussion.
- Keep your WhatsApp account secure by using strong passwords, enabling two-factor authentication, and promptly reporting any suspicious activity related to your account.
- Be mindful of data usage when sending media files or participating in video calls. Use Wi-Fi whenever possible to minimize data charges.
- If using personal devices for work-related WhatsApp communication, ensure that the device is password-protected and complies with the company's security standards.
- The company reserves the right to monitor WhatsApp usage for compliance with this policy.
- Employees are required to exit all official WhatsApp groups at the time of their exit clearance and before surrendering their official sim/phone.

Consequences of Violation:

Violations of this policy may result in disciplinary action, up to and including termination of employment. Legal action may be pursued if the violation involves illegal activities.

Review and Revision:

This policy will be reviewed periodically and updated as necessary. Employees will be notified of any changes to the policy.

I acknowledge that I have read and understand the Jacky's Email and Internet Usage Policy.
